The material in this volume of Defiance County Death Records, Volume I was transcribed from the actual death records located in the Defiance County Records Center. Mistakes in this index may occur due to typing errors or to misinterpretations of handwriting on these older records. Please keep in mind that this is a guide for locating records in Defiance County. More information may occur on the actual record itself.

If you would like to request a copy of an early death record, write to the Defiance County Records Center, 510 Court Street, Defiance, OH 43512 or telephone 419-782-8918. The cost will be whatever is currently set by the State of Ohio.

The publication of these records would not be possible without the help of all those volunteers who located, transcribed and typed these records. We are very grateful for their dedicated work on this project.
